SUMMARY

Academic practical and scientific experience is the outcome of years of study and practical experience in teaching according to modern international methods of teaching using available educational means and the methods obtained by the teaching staff by the Iraqi Ministries of Education and Higher Education, in addition to the precise specialization in teaching methods according to the latest educational methods. And education, with regard to university education students, all gave me a good ability to manage educational classes in primary and secondary education, as well as at the university level, in a way that is in line with everything that is modern and tested by the countries of the world in Europe, America and the Arab countries.

WORK EXPERIENCE

- I worked in private schools as a first grade English teacher at Al-Nahrain Primary School and Al-Nour Primary School.
- I worked as a private English teacher for intermediate level.
- Researcher in my field of specialization: teaching methods
- I worked as a dental assistant at Dr. Sajida Al-Jabouri's center in Souq Al-Shuyukh.
