Address

NASIRIYAH , THI_QAR

Education

2017 - 2022 with a good grade

Thi _Qar University

Biomedical Engineering

SKILLS

- Microsoft Word
- Microsoft Excel
- Arduino program
- Problems solving
- Mat lab

Language

Arabic
English

Experience

- Experience Teaching videos about basic electrical electronics components
- Teaching anatomy, mathematics, medical devices
- Work in a pharmacy
- Work in medical sales

Graduation Project

A comparative study to determine the best artificial bladder currently available for implantation

SUMMER TRAINING Trained

- at Al-Azhar Private Hospital
- Heart Center
- Nasiriyah Teaching Hospital
- Sob Al Shamiya Specialized Center

COURSES & CERTIFICATESQ

- I currently work on a project [A COMPARATIVE STUDY TO DETERMINE THE BEST ARTIFICIAL BLADDER CURRENTLY AVAILABLE FOR IMPLANTATION].
- I got a degree with on (medical device)from nabda sciety of medical ,engineering
- Got a score of (84)with grade of (very good) in basics corse Arduino from EBTIKAR WORKSHOP.
- (Clinical engineering and its role in improving care (Got a degree on for premature infants with jaundice) from nabda sciety of medical engineering.
- got degree and successfully completed the cognitive and skills in , (First aid)from PULSE TRAINING CENTER.
- Also got degree in (First aid)from MUKTALFON TEAM.
- And get degree in [MRI and X-ray machines]with grade of [good]from MUKTALFON TEAM with AL-Basra Univercity.
